

# Career summary and key skills

## **David Walker (FCCA) – Managing Partner, Moore Stephens Cayman**

David has been leading a successful Cayman audit practice since 2008 as a licensed audit practitioner. A specialist in international and US accounting and auditing standards for investment entities, he has led the practice to a tenfold growth.

With a growing number of clients investing in the FinTech industry, David is studying an MSc in digital currency and leads cryptocurrency collaboration within the Moore Stephens International network.

As an active CIIPA Council member, he also sits on its Membership & Licensing Committee and its Quality Committee.

By working very closely with his colleagues and affiliated audit teams around the world, David takes great pride and responsibility in ensuring all of his clients receive a highly responsive and professional service.
